About HKCGI

The Hong Kong Chartered Governance Institute (HKCGI), formerly known as The Hong Kong Institute of Chartered Secretaries (HKICS), is the only qualifying institution in Hong Kong and Mainland China for the internationally recognised Chartered Secretary and Chartered Governance Professional qualifications.

With 75 years of history and as the Hong Kong/China Division of The Chartered Governance Institute (CGI), the Institute's reach and professional recognition extends to all of CGI's nine divisions, with about 40,000 members and students worldwide. HKCGI is one of the fastest growing divisions of CGI, with a current membership of over 7,200, 300 graduates and 2,300 students with significant representations within listed companies and other cross-industry governance functions.

Believing that better governance leads to a better future, HKCGI's mission is to promote good governance in an increasingly complex world and to advance leadership in the effective governance and efficient administration of commerce, industry and public affairs. As recognised thought leaders in our field, the Institute educates and advocates for the highest standards in governance and promotes an expansive approach that considers all stakeholders' interests.

Better Governance. Better Future.

Corporate Governance Paper Competition and Presentation Awards

The annual Corporate Governance Paper Competition and Presentation Awards organised by the Institute aims at promoting the importance of good governance among local undergraduates and providing them with an opportunity to research, write and present their findings and opinions on the selected theme.

This year's theme is 'Overcoming Governance Obstacles in NGO Administration'.

Current undergraduates of all disciplines in Hong Kong are eligible to enrol for this Competition in a team of two to four members. Each enrolled team is required to submit a paper on the theme of not more than 5,000 words in English. The six finalist teams will present their papers on Saturday 7 September 2024 to compete for the Best Presentation Award and Audience's Favourite Team Award.

About the theme – Overcoming Governance Obstacles in NGO Administration

This year's focus emphasises a crucial sector in our effort to promote good governance practices: non-governmental organisations (NGOs). Organisations that manage social impact, such as NGOs, are essential to different communities. However, recent events highlight how important it is for NGOs to have strong governance structures. To discuss effective governance, participants are encouraged to submit case studies that shed light on NGOs' difficulties. It is recommended that participants explore the intricacies of overseeing a variety of stakeholders, maintaining openness, and resolving issues that may emerge in these crucial organisations.

A large number of stakeholders

Examine the dynamics of overseeing a diverse group of stakeholders, such as the general public, volunteers, beneficiaries, and contributors. Examine how different stakeholder expectations and interests can be balanced by effective governance.

Accountability and Transparency

Consider how crucial it is for NGO operations to be transparent, particularly regarding financial reporting and administration. Talk about the accountability systems that can foster stakeholder trust.

Case Studies in the Governance of Nonprofit Organisations

Examine actual case studies that illustrate the governance difficulties that non-governmental organisations confront, such as current events. Make suggestions and offer fixes based on the knowledge gained from these situations.
